and Community

Introducing Triratna InHouse

WHAT, ANOTHER TRIRATNA PUBLISHER?

We're a new Triratna enterprise with the mission of publishing and promoting the many authors in the Triratna Buddhist Order, in all their wondrous diversity.

Expect to find real-life stories, transcendental science fiction, poetry and drama, exploratory dharma, study and seminar texts, and much more, available in a selection of paperback, hardback, and eBook formats... Our catalogue is arranged under four headings:

- **Dharma**
- **Literature**
- **Stories**, and
- **Translations**

Over 100 titles in all! Only a few are highlighted here, check our website for the full list and to order.

We seek to complement Triratna's official publishers, Windhorse Publications, who publish Sangharakshita including his Collected Works, but who've been unable to publish many of the authors featured here.

Triratna Literature

POETRY to SCI-FI to COOKBOOKS to ART - and everything in-between!

A large part of Triratna InHouse's mission is to showcase the many novels, poetry books, artwork and other creative works by members of the Triratna Buddhist Order. To date, almost all have been self-published.

The Arts has always been one of the six 'distinctive emphases' of Triratna and our artists deserve special support; Triratna InHouse aims to promote their work.

Triratna Stories

TRUE-LIFE DHARMA PRACTICE

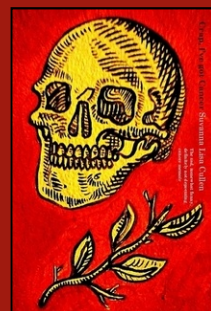

In 2018 Triratna celebrated its first 50 years. Naturally, some of the remarkable individuals who've worked and practised – and lived and died – within our community since its early days have been looking back over our shared history: we're proud to present some of their stories. Be warned: they're not always what you expect!

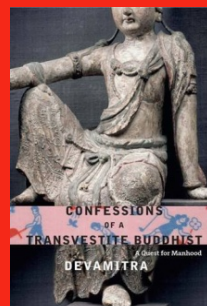

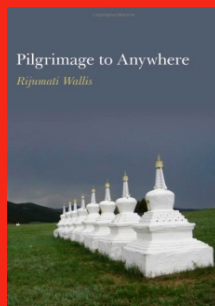

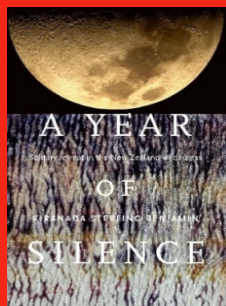

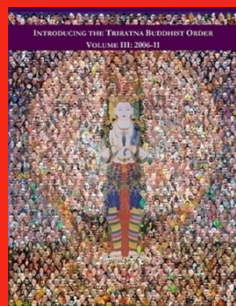

The first 20 years of Triratna in America, Manjuvajara

They range from the very personal to the more historical, from inner journeys to outer adventuring; some, sadly, end in death.

Especially recommended is 'Introducing the Triratna Buddhist Order', a handsome hardback featuring 450 profiles of newer Order Members introducing themselves to the wider Order in their own words.

Triratna Dharma

Our Dharma section covers a mix of 'core' Triratna texts such as the four-volume Triratna Dharma Training Course for Mitras, the Seven Papers, and all 19 volumes of Sangharakshita's lectures and seminars, to more personal Dharma perspectives of members of the Order.

Our catalogue spans the classic **SEVEN PAPERS**, to **CELTIC PUJAS** and the **BUDDHA AT BEDTIME**, from **GAUTAMA BUDDHA** to **A BUDDHIST MANIFESTO...**

There's too many to list here, please visit our website for the full range:

SANGHARAKSHITA IN SEMINAR: 19 VOLUMES, 10m WORDS

A collection of 19 handsome hardback volumes containing verbatim transcripts of all Sangharakshita's seminars and lectures, available singly or as a set. An extraordinary treasury of Dharma, offering multiple glimpses into both Sangharakshita as a teacher and the preoccupations of his disciples in the formative years of our community.

There's over 2000 members of the Triratna Buddhist Order. Of them, perhaps 50 have published books – naturally, they're pretty special people!

We're proud to present a selection of their work – you'll find a full catalogue on our website, arranged under Dharma, Literature, and Stories.
